commission who did not sign the notice of the special meeting. Twenty-four (24) hours' notice in writing shall also be given to all newspapers, radio stations, and television stations which have filed a request for notice in writing with the city clerk or the secretary of the planning commission. The presence of all members at the special meeting, or the waiver of notice in writing by any absent member, shall constitute a waiver of the requirement of notice as it relates to members.

This notice does not replace any other notice requirements under law. **2.36.080 Rules of Order.** All planning commission meetings may be governed by Roberts Rules of Order, or by any other procedures as may be adopted by the planning commission.

SECTION 3. Severability.

If any section, subsection, sentence, clause, phrase or portion of this Ordinance is found for any reason found to be invalid or unconstitutional, such decision will not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance and each section, subsection, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

SECTION 4. CEQA.

This ordinance is exempt from CEQA pursuant to section 15061(b)(3) which is the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment and CEQA does not apply where it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment. **SECTION 5.** The City Clerk shall certify as to the adoption of

this Ordinance and shall cause a summary thereof to be published within fifteen (15) days of adoption and shall post a certified copy of this Ordinance, including the vote for and against same, in the Office of the City Clerk, in accordance with Govt. Code Section 36933.

PASSED, APPROVED, AND ADOPTED this 5th day of October, 2017.

**Preliminary Advertisement
Klamath National Forest
Sale of National Forest
Timber**

The Forest Service intends to advertise timber designated for cutting in the following proposed timber sale area(s) on the Klamath National Forest prior to December 31, 2017. The following information are estimated acres and volumes.

The Big Pony Multiproduct SBA sale contains 840.7 acres more or less within T43N, R1E, MDM. This sale contains an estimated volume of 8,580 hundred cubic feet of sawtimber and 3,973 hundred cubic feet biomass designated for cutting.

This advance notice is to afford interested parties time to examine the sale area(s) prior to winter. Interested parties may obtain information and maps about the sale area(s) from the Forest Supervisor Office, Yreka, California; or you may find additional information on the Klamath National Forest website www.fs.usda.gov/klamath. The final advertisement(s) will contain final minimum stumpage rates, bidding provisions, and other sale conditions.

Legal Notice for Scoping Period

Kelly Bar Habitat Enhancement Project

The Forest Service, in cooperation with the Salmon River Restoration Council, is preparing an environmental assessment (EA) for the proposed Kelly Bar Habitat Enhancement Project, and we are asking you to provide comments. The Kelly Bar Habitat Enhancement Project was developed to enhance off-channel fisheries and riparian habitat on Kelly Bar and across the river from Kelly Bar on the North Fork Salmon River. Proposal information is also available on Klamath National Forest's project webpage at: <https://www.fs.usda.gov/project/project=52447>.

The proposal for habitat enhancement includes (1) improving connectivity to and enhancing side channels and creating alcoves on Kelly Bar and West Bar (across the river) and (2) enhancing two off-channel ponds on Kelly Bar. Proposed treatments would include excavation of channels, alcoves, and ponds, constructing engineered log jams and small wooden habitat features, diverse riparian planting, and cattle fencing. It is important to us that reviewers provide their comments within the deadline and in a manner that can be used for the preparation of the EA. For example, think about the following questions and provide comments about the "what" and "why": (1) what information would you like us to provide and why; (2) what concerns do you have about the proposal and why; and (3) what changes should we consider in our project design and why. These questions and your participation will help us refine the proposal and help the interdisciplinary team develop effective, issue-driven alternatives and mitigations to the proposed action as needed. In order for referenced material to be considered, commenters should

supply referenced literature and discuss its relevancy to the project as part of their comments.

Comments received by Thursday November 2nd are assured consideration in the next phase of project planning.

Submit electronic comments to the Klamath National Forest's project webpage: <http://www.fs.fed.us/nepa/fs-usda-pop.php?project=50240> by selecting the "Comment on Project" link in the "Get Connected" group at the right hand side of the project webpage. Put the project name in the subject line; attachments may be in the following formats: plain text (.txt), rich text format (.rtf), Word (.doc, .docx), or portable document format (.pdf).

Written comments can be submitted by fax to 530-468-1290, or mailed to Ted McArthur, ATTN: Maija Meneks, Salmon/Scott River Ranger District, 11263 N. Highway 3, Fort Jones, CA 96032, or hand-delivered during normal business hours (8am to 4:30pm Monday-Friday, excluding holidays). Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection (40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21). For oral comments or more project information contact the Forest Service team lead Maija Meneks at (530)468-1272 or mmeneks@fs.fed.us. News #9477. Pub. Oct. 19, 2017
